Hi Bill, yes to all the above, only then you were Billy. We were in the same classes I think from Kindergarden or at least 1st grade, Teacher Miss Smith, Principal Mrs. O'Daily. I Lived on Watkins Street, between liberty & Glenmore Ave. Martin Cohen lived on Glenmore Ave.across the street from P.S.84. Someother kids names whol have no contact with but remember as if it were yesterday, were Joyce Krinsinsky, Martin Block, Evan Cohen, Judy Ocean ,Judy levine, Judy Abrams (her father had a glass shop across the street from, Red's candy store, great malts, lime ricky"s) I also remember so of the Black kids. Willy Hill, NONO Richards liked to sing "Nature Boy" like Nat King Cole., Edna Jeffersonel, Pricella ? , and a few others.

I nearly flipped when Gerry & I exchanged Brooklyn memories to find out you were related. Even though the 40's were a difficult time for our parents, we never realized how poor we were. I think I had a great childhood. We had many relatives living near us within walking distance, So many kids in the neighborhood, some remained friends till today. I moved to Sterling Place & Eastern Parkway before my 13th birthday.

I married to a wonderful man, who lived on Stone Ave across the street from the Dumont Ave library. We just celebrated our 50th Anniversary. We have three children, a son & two daughters, our 8th grandchild is due in October, and we have 4 greatgrand children.

We are in New Jersey visiting my youngest daughter, who knows Gerry from the Synogue. Our home is on the east coast of Florida,

Coconut Creek, a small area between Boca Raton, & Fort Lauderdale.

Really happy to make this contact. Stay in touch. See if I rang any bells.

P.S. I recall you wanting to be in agriculture ,something about a school called Newton????????? was that you?????????

Have a great summer. Deanna ( Knoll) Newman

**Subject:** A voice from the past ... Bill Wolfson

Hi Diana,

My cousin ( GiGi ) gave me your email address and said you knew me from Brooklyn,NY. I must apologize in that I have few memories of my early period ( less than 10 years old). I was wondering if you might have some that you can share with me. Did you go to PS 84 and PS 150, schools that I attended thru the 6th grade. Where did you live?

It certainly would be nice to re-connect. I know live in Framingham, MA.

**Regards ,**

Bill
