

7 PILLARS OF CLASSROOM WISDOM

LET THIS TIMELESS WISDOM GUIDE YOU AND YOUR STUDENTS IN
ACHIEVING LIFELONG LEARNING IN AND BEYOND THE CLASSROOM.

ASK
ESSENTIAL
QUESTIONS

Being a lifelong learner means always being willing to ask essential and meaningful questions that drive us to think deeply, and to search for knowledge that matters.

EMBRACE
MISTAKES

Every student has the right to be able to benefit from errors and to know that mistakes don't define us, but what we choose to learn from them does.

LIFT UP
OTHERS

A safe learning environment means everyone is supportive. Showing support for each other in tough times makes the learning journey more rewarding.

OPEN YOUR
MIND AND
HEART

Lifelong learners always use the head and heart in equal measure, and keep both wide open to new discoveries and experiences.

VALUE
TEAMWORK

One of the hallmarks of modern learning is the ability to collaborate with real and virtual partners. Many hands make light work, and much more enjoyable work as well.

STAY
CURIOUS

The day we stop being curious is the day we stop learning, and a healthy and positive curiosity mindset is the greatest tool we have to learn with.

BECOME
GLOBALLY
MINDED

As global citizens we share technological and human experiences regardless of culture, status, and political or religious beliefs, and view the world as an interconnected community.
